Innovation, scientific talent and commitment, our contribution for a better life

With a strong R&D Platform and four production sites, AMEGA Biotech develops and produces biotech products. Exporting recombinant proteins worldwide and focused on central markets registrations, AMEGA Biotech is the leading regional producer. Our work and vision are directed forward, based on a comprehensive design and integration of all the processes involved in the production of high quality and high technology products, from Active Pharmaceutical Ingredient to the Finished Dosage Form.

Our integrated production model is an advantage in the global biotechnological industry. Our competitive advantages allow us to face the future and constant challenges of this dynamic field. We contribute to the future of biotechnology by understanding its high impact on society and its benefits on human health

## **AN INNOVATIVE VISION**

Founded in 2005, AMEGA Biotech is a biotechnology organization based in Argentina. With the integration of prestigious companies, AMEGA Biotech entered the biotechnology industry with an innovative vision on the production and commercialization of human biopharmaceuticals aimed at achieving the highest quality standards.

With a focus on competitiveness and time-to-market, our structure allows control of all the manufacturing processes, from the Active Pharmaceutical Ingredient (API) to the Finished Dosage Form.

## **PRODUCTS PORTFOLIO**

Etanercept 依那西普

Coagulation Factor VIII 凝血因子 VIII

Pegaspargase

Parathyroid Hormone 甲状腺激素

Interferon Alfa-2a 干扰素 a-2a

Interferon Alfa-2b 干扰素 a-2b

Peg-Interferon Alfa-2b PEG-干扰素 a-2b

Interferon Beta-1<sup>a</sup> 干扰素 b-1a

Interferon Beta-1b 干扰素 b-1b

Erythropoietin 促红细胞生成素  
Filgrastim 非格司亭  
Peg-Filgrastim PEG-非格司亭  
FSH  
Somatropin 生长激素  
Interleukin-2 白细胞介素-2  
Molgramostim  
Inmunomas

创新，科学的人才观和承诺，我们对美好生活的贡献。

凭借强大的研发平台和四个生产基地，AMEGA Biotech 开发并生产生物技术产品。向世界各地出口重组蛋白，专注于注册中心市场。AMEGA Biotech 是领先的区域生产商。

我们的工作和愿景为，基于一个全面的设计和一体化流程，生产高品质高技术产品，从原料药到成品剂型。

我们的一体化生产模式，在全球生物技术产业是一个优势。我们的竞争优势，让我们面对这个充满活力领域的未来以及不断的挑战。我们了解生物技术对社会巨大的影响和对人类健康的好处，对生物技术的未来作出贡献。

一个创新的眼光

AMEGA Biotech 成立于 2005 年，是阿根廷一家生物技术组织。随着几个有声望公司的整合，AMEGA Biotech 进入生物技术产业，拥有生产并销售人类生物制药的创新构想，旨在实现最高质量标准。

基于竞争力和时间市场的重点，我们的架构允许对所有制造过程控制，从活性药物成分（API）到成品剂型。
